Fits newborns to 7 years
Install with Isofix and top tether

- Rear-facing recline angle: 90-165 degrees
- Forward-facing recline angle: 90-129 degrees
- Removable and washable cover
- High base design
- Adjustable headrest

Price €290

✓ **Rear facing top tether guider**

Ensures proper placement of top tether.

Versatile top tether allows placement of car seat on either side for ease of access for your child compared to traditional car seats with a middle top tether.

✓ **All around protection**

Additional padding provides better protection for child's head. Headrest made of shock-absorbing material.

✓ **5-point safety harness**

5-point safety harness disperses shock effectively during the crash.

✓ **Non support leg design**

Takes up less space!
Ease of mobility.

「 Compact design for everyone's comfort ! 」

✓ **Uncomplicated European Isofix connector**

Proper installation by insertion of isofix to isofix anchor smoothly. Different from American latch isofix, European Isofix is simple to install.

✓ **Separable design**

No more struggling to install a heavy carseat! The Cuore012 carseat breaks down into two separate parts for an easier, lighter installation.

Luce90

Isofix Car Seat

Specifications

Weight: 7.8kg (17lbs)
Dimensions: 45*45*63cm
(17.7*17.7*24.8in)

Compatibility

Fits children 9 to 36kg (19 to 79lbs)
Fits children 9 months to 12 years
Install with Isofix or car seat belt

- Group: I+II+III
- Forward-facing installation for children between 9 to 36kg(19 to 79lbs)
- Removable and washable cover
- Light weight, easy to store
- Breathable cushion material

Color

Bright Red/Classic Grey/Black

Price €230

✓ **Extra padding**

Headrest made of shock-absorbing material. Comfortable pillow like material keeps your child upright.

✓ **Install with car seat belt & seatbelt guider**

GII/GIII seat belt installation:
For children between 15 to 36kg
From approx. 3 years to 12 years

Seatbelt guider ensures proper placement of the seatbelt.

✓ **Install with comfort cushion & 5-point safety harness**

GI seat belt installation:
For children between 9 to 18kg
From approx. 9 months to 12 years

5-point safety harness provides comfort for child's back. Harness installation absorbs crash forces and reduces the child's forward movement in a collision.

✓ **Removable cup holder**

It can be attached to the left or right side of the seat.
